**Special Needs**

NYP Queens is accessible for individuals with disabilities or special needs. Participants with special needs are requested to contact the CME Office at 718-670-1419.

**Faculty**

**Gary L. Bernardini, M.D., Ph.D.**  
Professor and Chairman  
Department of Neurology, NYPQ  
Vice Chair, Department of Neurology  
Weill Cornell Medicine

**Srikanth Boddu, MS, MRCS, FRCR, M.D.**  
Assistant Professor of Radiology in  
Neurological Surgery, Weill Cornell Medicine  
Attending Physician, Department of Surgery, NYPQ

**Susan W. Broner, M.D.**  
Assistant Professor of Clinical Neurology  
Weill Cornell Medicine  
Medical Director  
Manhattan Headache Center at  
Weill Cornell Medicine

**Ning Lin, M.D.**  
Assistant Professor of Neurosurgery  
Weill Cornell Medicine  
Attending Neurosurgeon  
Department of Surgery, NYPQ

**Paul Magda, D.O.**  
Assistant Professor of Clinical Neurology  
Weill Cornell Medicine  
Attending Neurologist, NYPQ

**Erica A. Mundy, PA-C**  
Physician Assistant  
Department of Neurology, NYPQ

**Jean-Robert Savaille, PA-C**  
Physician Assistant  
Department of Neurology, NYPQ

**Jay E. Yasen, M.D.**  
Assistant Professor of Clinical Neurology  
Weill Cornell Medicine  
Attending Neurologist, NYPQ

**Reza Zarnegar, D.O.**  
Assistant Professor of Clinical Neurology  
Weill Cornell Medicine  
Attending Neurologist, NYPQ

## 2019 Neuroscience Symposium

Tuesday, May 28, 2019

7:30AM – 1:30PM

### Statement of Need

Neurological disorders impact millions of Americans each year. Physicians and interdisciplinary health care teams are to be updated in the latest medical and surgical treatments of neurological disease in order to offer patients the most effective treatment options. Topics to be discussed include: management of vertigo, update on diagnosis and treatment of headache, management of Parkinson's disease, overview and advances in treatment of epilepsy, identification of causes and treatment of syncope and collapse, day in the life of general neurology physician assistants, endovascular options for treatment of pseudotumor cerebri and neurosurgical treatment of intracerebral hemorrhage. In-depth knowledge of these neurological conditions and state-of-the-science options for management will aid physicians and health care providers in planning the best strategies for successful patient outcomes.

### Target Audience

Primary care physicians, neurologists, ER physicians, physician assistants, residents, nurses, medical students and others caring for patients with neurological conditions.

### Educational Objectives

It is intended that this NYPQ CME activity will lead to improved patient care. At the conclusion of this symposium, the participant will be able to:

- Describe diagnosis and management of vertigo
- Understand types and specific treatments of headache
- Differentiate treatment for Parkinson's disease
- Recognize treatment for seizures based on current recommendations
- Assess syncope and collapse etiologies and management
- Identify with day in the life of general neurology physician assistants
- Understand novel endovascular management of pseudotumor cerebri
- Describe current neurosurgical treatment options for intracerebral hemorrhage

## Agenda

7:30AM – 8:15AM

### Registration

8:15AM – 8:30AM

### Welcoming Remarks

Gary L. Bernardini M.D., Ph.D.

8:30AM – 9:00AM

### Management of Vertigo

Jay E. Yassen, M.D.

9:00AM – 9:30AM

### Update on the Management of Headache

Susan W. Broner, M.D.

9:30AM – 10:00AM

### Management of Parkinson's Disease

Paul Magda, D.O.

10:00AM – 10:30AM

### Break

10:30AM – 11:00AM

### Overview and Recent Advances in the Treatment of Epilepsy

Reza Zarnegar, D.O.

11:00AM – 11:30AM

### Syncope, Collapse and Dizziness: Etiologies and Treatment

Gary L. Bernardini, M.D., Ph.D.

11:30AM – 12:00PM

### Day in the Life of General Neurology Physician Assistants

Erica A. Mundy, PA-C

Jean-Robert Savaille, PA-C

12:00PM – 12:30PM

### Break

12:30PM – 1:00PM

### Novel Endovascular Management of Pseudotumor Cerebri

Srikanth Boddu, MS, MRCS, FRCR, M.D.

1:00PM – 1:30PM

### Neurosurgical Management of Intracerebral Hemorrhage

Ning Lin, M.D.

### Accreditation

NewYork-Presbyterian Queens is accredited by the Medical Society of the State of New York to provide continuing medical education for physicians.

NewYork-Presbyterian Queens designates this live activity for a maximum of **4.0 AMA PRA Category 1 Credit(s)**<sup>™</sup>. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

### Disclosure Statement

NewYork-Presbyterian Queens relies upon planners and faculty participants in its CME activities to provide educational information that is objective and free of bias. In this spirit, and in accordance with the guidelines of MSSNY and ACCME, all speakers and planners for CME activities must disclose any relevant financial relationships with commercial interests whose products, devices or services may be discussed in the content of a CME activity that might be perceived as a real or apparent conflict of interest. Any discussion of investigational or unlabeled uses of a product will be identified.

### Directions

NewYork-Presbyterian Queens is located on the corner of Booth Memorial Avenue and Main Street in Flushing. *From the LIE:* take Exit 23 (Main Street), travel north on Main Street to Booth Memorial Avenue. *From the Whitestone Bridge:* take the Van Wyck Expressway to the College Point Blvd. Exit; turn left on College Point Blvd. and right on Booth Memorial Avenue. Follow Booth Memorial Avenue to Main Street. *From the IRT Flushing Line #7:* train to Flushing/Main Street, then Q44 bus (toward Jamaica); stops opposite the Hospital. NYPQ is located in a residential area with metered parking. Free lock-and-park spaces are available under the Van Wyck Expressway at College Point Blvd. and 58th Road. Shuttle buses to the Hospital run approximately every 10-15 minutes. Limited paid parking is available in our Visitor Parking Lot located on Booth Memorial Avenue.

### Cancellation

Refunds will only be made upon receipt of written notification a minimum of five workdays prior to the session.

### Information

Ms. Pamela Williams, Director of CME
